

FOODHANDLERS CERTIFICATION

In addition to courses offered around the state, the Polk County Health Department is offering the ServSafe Foodhandlers Certification Course July 9, 2007 and the Recertification Course July 10, 2007 in Balsam Lake. Each food establishment is required to have at least one certified foodhandler on staff (preferably the owner or manager to avoid loss of this person due to employment changes). These classes are limited to 26 participants and fill up quickly, so if you need either of these courses, please contact the health department at 715/485-8500 as soon as possible. The next courses through the health department will be offered in January 2008.
