Balsam Lake, Wi 54810

Subject: Regional Flood Elevation (RFE) for Long Lake, T34N-R17W-Sec 8

Dear Jackie:

The Department has done a hydrologic and hydraulic analysis for the purpose of setting a RFE on Long Lake. The RFE was determined to be 95.68 ft, DNR datum. Any use of the RFE for application of Polk County's Floodplain Zoning ordinance must use the established lake datum of BM 1876-B @ 100.00 ft. This BM is also identified as BM "X", on the included Lake survey map.

All land around the lake below the elevation 95.68 ft, is considered floodfringe.

Please contact this office directly with any questions or concerns on the RFE.

Sincerely:

Frank Dallam
Frank Dallam

Water Regulation and Zoning engineer.
